

3. Technical specifications

Connection method	
Wiring form	2-wire system
Interface characteristics	
Communication signal	1 channel
Communication type	TCP Client and UDP
Electrical isolation	500 Vrms (GC-bus/ Signal voltage)
Power supply	Power supply via GCAN-PLC-510 coupler
Configuration method	Automatic configuration in order
Environmental test	
Operating temperature	-40℃~+85℃
Working humidity	95%RH, No condensation
EMC test	EN 55024:2011-09 EN 55022:2011-12
Vibration/shock resistance	EN 60068-2-6/EN 60068-2-27/29
Anti-electromagnetic interference/anti-electromagnetic radiation performance	EN 61000-6-2 /EN 61000-6-4
Protection level	IP 20
Basic Information	
Dimensions	100mm *69mm *12mm
Weight	50g
