

Product Change Notification

2025-03-03

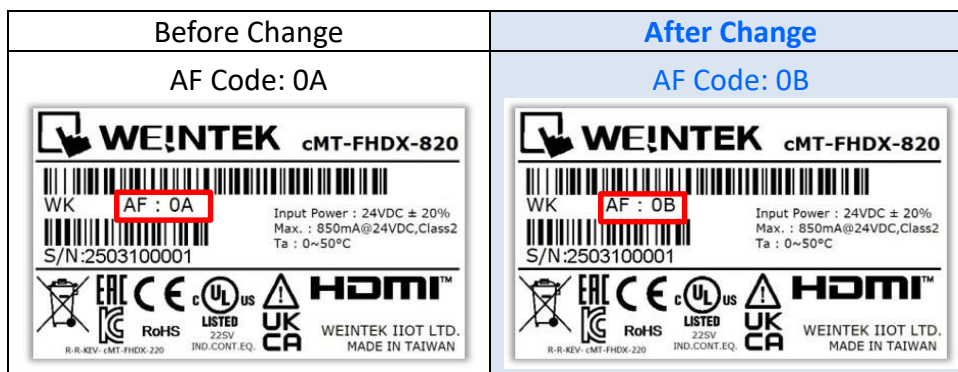

To simplify external data access, the cMT-FHDX-820 features a microSD interface, requiring EasyBuilder Pro V6.09.02 or later for operation. The model now includes five I/O interfaces: USB, Ethernet, Serial Port, HDMI, and microSD, enabling seamless cross-device data access for easier analysis and remote maintenance.

The following illustrates the difference in product design.

This change can be identified by the AF code shown on the product label:

Updated Datasheet : cMT-FHDX-820_Datasheet_ENG

Planned shipment schedule for the change: May 2025
